LB 13A

LB 13A, due to our amendments, needs some amendments to the appropriation bill. These have been drafted and drawn up by the fiscal staff. They do reduce the fiscal note substantially from what the original estimates were. If you look in your bill book at 13A and look at the fiscal note, the sheet, the first and the back side of that first pink sheet will show you exactly the net effect of LB 13A. The net effect is about \$1.7 million. I'd appreciate your support for the amendment which does indeed decrease the fiscal impact on the state. Thank you.

PRESIDENT: Is there further discussion on LB 13A? If not...on the amendment? If not, all those in favor of the Kilgarin amendment to LB 13A vote aye, opposed vote nay. You are asked to record your vote on the motion to adopt the Kilgarin amendment to LB 13A. Please record your vote. Please record your vote on the Kilgarin amendment to LB 13A. May we have your cooperation. Record your vote on the Kilgarin amendment to LB 13A. Clerk will record.

CLERK: 25 ayes, 0 nays on adoption of Senator Kilgarin's amendment.

PRESIDENT: The Kilgarin amendment is adopted. Back to the bill.

SENATOR KILGARIN: Thank you, Mr. President, colleagues, again LB 13A as amended now is on General File. You will notice that LB 13, the substantive portion of this legislation is on Select File. We need to advance 13A to Select File so that they may progress together. As I said, with the amendment that we just adopted the fiscal impact of LB 13 has been greatly reduced. I'd appreciate your support in advancing LB 13A so that these bills might progress together and both be on Final Reading. If you look at the pink sheet again, you will look at the expenditures, the estimated expenditures and the estimated revenue, and the net effect of those two figures is a \$1.7 million fiscal impact. I'd ask for your support of LB 13A.

PRESIDENT: Is there further discussion on LB 13A? If not, all those in favor of advancing the bill vote aye, opposed
